

# Wine Gurus Token White Paper v1.0

Wine Gurus Token  
Lisbon  
Portugal, PT

# Introduction

The Wine Gurus Token (WINEGURU) is based on the Binance Smart Chain and is an innovative Portuguese DeFi project.

Our objective is mainly to create a bridge between the wine industry and the cryptoworld. By partnering with Wine producers around the world, we are going to tokenise entire vintages and make them tradable quickly, transparently and cost-effectively on our MarketPlace.

WineGurus will be one of the first real world asset NFT solutions.

Below, you will find everything you need to know about the token, and team goals. If you have any question WHATSOEVER, please reach out and we will clarify you.

# Tokenomics

\$WINEGURU is the official symbol for Wine Gurus.

## Core Project Features

### **MARKETPLACE**

We WineGurus love wine. With our MarketPlace we want to bring the wine industry closer to the cryptoworld. Here you will find not only producer's wines but a complete wine experience, from workshops to wine tourism experiences, all with exclusive discounts. Collector Edition Wines will be available through the purchase of NFT's.

### **WINE CO-BRAND**

As part of our strategy we are also doing co-branding partnerships to bring awareness to our project and the cryptoworld to the otherwise less informed audience.

## **LOTTERY**

The concept of our Lottery is the following. Every week a random generator will select 50 of our holders, who win the WINEGURU achieved by our LotteryWallet, from the 1% Lottery feature from our Tokenomics. The maximum prize pool is \$5.000 each week. You can win as many times as the random generator decides. This is a great way for us to engage with our community and give back to our holders.

The rules are as follows:

- Participants must request tickets to the Lottery every week.
- The Lottery shall take place every Friday.
- There shall be drawn 50 random winners.
- Every participant must hold at least 50\$ worth of WINEGURU
